

CV of Talon C. Stringham

CPA, ABV, CFE, ASA

Talon C. Stringham has over 20 years of professional experience including providing litigation support services, expert witness testimony, forensic and investigative accounting, economic loss calculations, and business valuation services. He is perhaps the only professional in Utah to have formal training, expertise, and experience in forensic, or investigative accounting, business valuation and computer forensics.

The following is a summary of Mr. Stringham's business valuation, investigative accounting, bankruptcy/liquidation, economic loss calculation, personal injury, patent infringement, computer forensics, and general litigation experience.

Business Valuations

- Performed numerous appraisals for use in company financial statements for compliance with fair value accounting standards, including purchase price allocations, 409A valuations, option valuations, warrant and convertible debt valuations, preferred stock valuations, goodwill impairment analyses, etc., for use in both publicly traded and privately held audited financial statements
- Calculated the value of closely held companies in a wide variety of industries for a wide variety of purposes, including financial statement preparation, gift and estate tax planning, ESOP valuations, divorce settlements, shareholder disputes, and other litigation situations.
- Performed valuations of multiple early stage companies, including bio/med-tech, software-as-a-service, and technology companies, among others
- Lead valuation analyst on a high-profile divorce valuation in Florida involving issuing of personal goodwill, pre-marital asset value and a disputed valuation range exceeding \$100M.
- Informed as to the rules and processes that guide appraisals. Experienced in performing appraisals in both contentious and cooperative environments.
- Performed an appraisal of a heavy-duty truck brake company in a California Anti-Trust case that involved elements of both lost profits and destruction of business.
- Performed an appraisal of a satellite communications provider whose owners were involved in a shareholder dispute. The company, a U.S. government subcontractor, provides satellite communication services for the U.S. government around the world.
- Performed five separate appraisals for three different companies involved in the paper mill industry in a Washington legal malpractice case.

- Lead valuation analyst for trucking company with sales in excess of \$500M for shareholder buy-out purposes.
- Performed a combined appraisal of seven different adult entertainment oriented nightclubs for a Utah divorce case.
- Performed appraisals of various automobile dealerships throughout the Intermountain area.
- Performed appraisals of various construction and real estate development companies, including companies with sales in excess \$100 million.
- Performed appraisals of various professional services firms, including a CPA practice and an engineering/architectural firm for divorce settlement purposes.
- Performed numerous appraisals of family limited partnerships and holding companies for gift and estate tax planning.
- Performed an appraisal of an educational film company involved in a shareholder dispute.
- Performed an appraisal of a parcel insurance provider involved in a shareholder dispute.

Forensic / Investigative Accounting

- Supervised and performed calculations of business interruption losses for myriad companies in a variety of industries.
- Supervised and performed reconstruction of accounting records as a result of theft, floods, fires, and other natural disasters.
- Supervised and performed investigative accounting work for criminal fraud trials and claims.
- Supervised and performed investigative accounting services on the assets of marital estates in divorce cases.
- Supervised and performed investigative accounting services on officers and directors litigation and partnership disputes.
- Performed investigative accounting work related to accountants malpractice litigation.

Bankruptcy/Liquidations

- Performed analysis related to alter ego in fraudulent conveyance and substantive consolidation proceedings.
- Supervised and performed an asset tracing analysis related to cash held in a constructive trust action.

Economic Loss Calculation

- Calculated losses due to business interruption for a wide variety of industries on various insurance claims.
- Assisted both plaintiff and defense attorneys with analysis of various economic loss situations.
- Prepared economic loss calculation for a large coal mining loss in Central Utah.

Personal Injury, Wrongful Death and Wrongful Termination

- Prepared analyses and testified in cases for a wide variety of individuals in personal injury, wrongful death, and wrongful termination cases.

Patent Infringement

- Spent one month in Taiwan gathering and analyzing data during a patent infringement and trade secret case; helped to defend the company against an alleged \$1B in damages, resulting in a judgment less than \$1M.
- Analyzed and performed damage calculations for various patent infringement claims, including the performance of elasticity of demand analyses.
- Performed analyses for litigation involving an exercise equipment patent.
- Performed analyses for litigation involving computer equipment.
- Perform an analysis for litigation involving cushioning materials patents.

Computer Forensic Services

- Familiar with software and methodologies related to the recovery of electronic evidence.
- Recovered electronic evidence on a variety of electronic media for use in divorce cases.
- Recovered electronic evidence on electronic media for use in employment law actions.
- Previously held certifications in Computer Forensics field

General Litigation Services

- Led a data extraction process during a large non-competition case, resulting in the dismissal of the case against certain employees with no damages to other employees involved.
- Analyzed and performed damage calculation on anti-trust cases.
- Computed damages related to contract disputes.
- Computed damages on intellectual property cases.
- Computed damages involving losses associated with construction contracts.
- Computed damages on many different cases involving lost business profits.

Educational Qualifications

Mr. Stringham earned a Bachelor of Arts degree in Accounting and a Master of Science degree in Accounting, with an emphasis in Finance, from Utah State University.
